First comes the egg
All gooey and sticky.
A frog from an egg?
Getting out must be
tricky. 1.

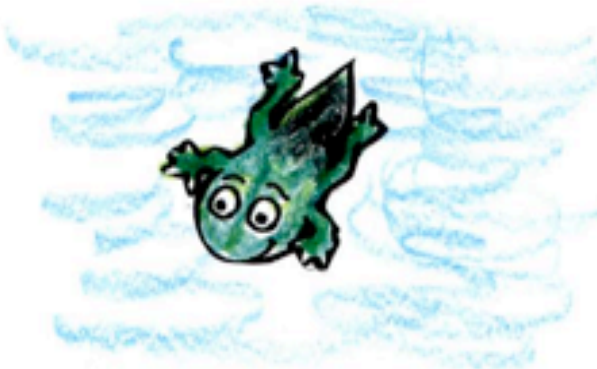

Next comes the tadpole
A strange little creature.
It knows how to swim;
Wonder who's its teacher.

2.

Oh, my goodness
What do I see?
Legs on a tadpole,
How can that be?

3.

From egg to tadpole
It doesn't take years.
Two more legs grow
And the tail disappears.

4.

First egg then tadpole
And finally a frog
That can hop and croak
As it sits on a log.
