

Little Book

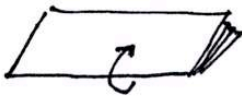

Book 4: *The Streamer Song*

Directions for Making the Puff Book

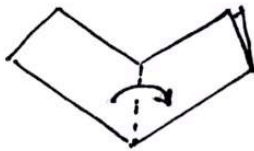

1. Fold a sheet of white paper in half widthwise.

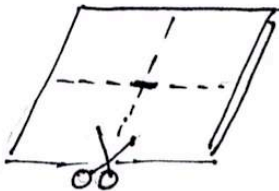

2. Fold that in half again.

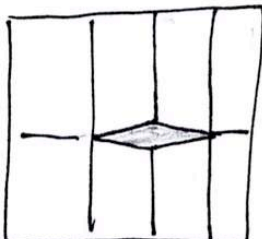

3. Fold the left side of the paper over the right side.

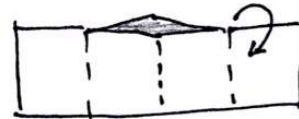

4. Open to a half sheet, paper edges up, folded edge on the bottom; use scissors to cut along the center crease of the paper. Stop where the fold lines intersect.

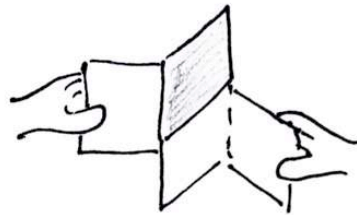

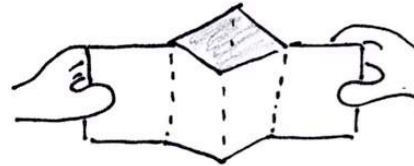

5. Open the paper completely.

6. Fold the paper lengthwise.

7. Grasp the ends and push them to the center, "puffing" out the center four sections. Keep pushing until a book of four sections is made.

8. Fold the pages closed and let the children write and illustrate a puff book.
