

Here is my head,
What can it do?

It can nod, nod at you!

1

Here are my eyes,
What can they do?

They can wink, wink at you.

2

Here are my ears
What can they do?

They can listen, listen to you.

3

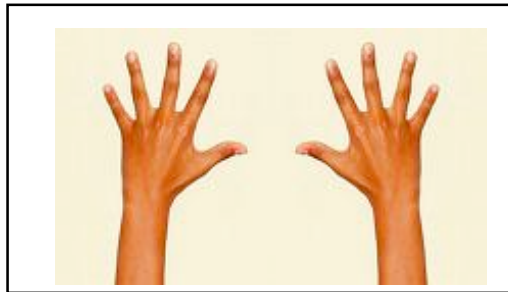

Here are my arms,
What can they do?

They can wave, wave at you.

4

Here are my hands,
What can they do?

They can clap, clap for you.

5

Here are my legs,
What can they do?

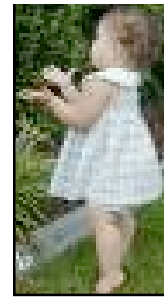

They can hop, hop to you.

6

Here are my feet,
What can they do?

They can tip toe, tiptoe to you.
Tip Toe, tip toe, that what they can do. 7
